## Solid Comfort.

It is not enough to have rubbers keep out the wet. If the fit be not perfect they will draw the feet. It costs money to employ skilled pattern makers, in order to turn out rubbers in all the latest shoe shapes, but the Granby Rubber Co. do it, and the result is that

## Granby Rubbers and Overshoes

are known to be right up-to-date. The thick ball and heel make them last twice as long; while the thin rubber used in the other parts makes the whole very light.

Insist on seeing the Granby Trade Mark on the sole.
